

Team Engineering Challenge

CONTEST DATE & LOCATION: Refer to the Kansas State Championship Conference Packet

PURPOSE: This contest is designed to evaluate and recognize outstanding students for excellence and professionalism in creative and critical thinking skills and the decision-making process needed to solve a problem. The contest is intended to foster creativity, innovation, teamwork and problem solving.

ELIGIBILITY: This contest is open to active SkillsUSA members enrolled in a middle school chapter (grades six-eight). A team consists of three students from the same local chapter. Teams must qualify from their local state conference.

CLOTHING REQUIREMENT: There are specific clothing requirements, such as official SkillsUSA Kansas T-shirt with clean blue jean. Although, not required, contestants may wear the official blazer or jacket, black dress slacks (or black knee-length skirt for women), white dress shirt, plain black tie for men, black socks (or black sheer or skin-tone seamless hose for women) and black dress shoes.

Official SkillsUSA attire

NOTE: The Official Kansas State T-shirt will be mailed to schools prior to the competition.

CONTEST PREPARATION: Refer to the Technical Standards for guidelines.
